

MODERN MOUNTAIN LIVING

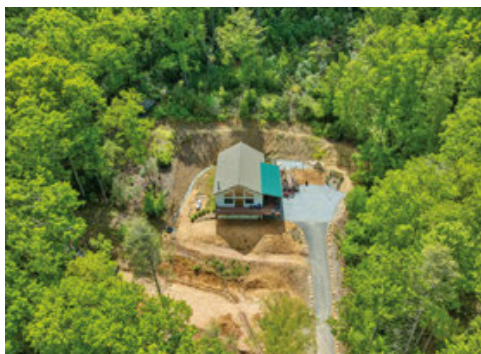

BEAUTY and RESILIENCE combine in this 3-bedroom, 3-bath, custom-designed home on 4+ acres in Hendersonville's Twin Brooks community, complete with large boulders "standing guard"!

Inside, a stunning GREAT ROOM on main level encompasses the kitchen, dining and living spaces, anchored by a stone fireplace with custom mantle and large windows that bring the outside in. Premium kitchen appliances, counters and cabinetry, cooktop island, and large breakfast bar. Primary bedroom suite with roll-in shower, along with second bedroom, full bath, and laundry are all on main. The lower level adds a large third bedroom and full bath suite that could become a family room, home office and more.

Enjoy the skies from the large, wraparound porch overlooking the NEWLY GRADED front of property, ready for your gardens, a second garage, workshop... you decide!

This sturdy home delivers the details, including a waterproof membrane and French drain along the foundation, deep 2-car garage, portable generator hookup, even a dog run. The aerial photo below shows how the property has been designed to move rainwater around the home - essential for today's mountain living.
